

Thank you so much for donating your item to Baby Bank Network. We take pride in the quality of the items that we provide to families. Please only donate items that you would be proud to give a close friend or family member.

There are some simple steps that you can take which will help us get your items to the families that need them quicker.

- We currently only accept items for children up to 18 months old
- All textile items (clothes, blankets, sleeping bags, sheets) need to be freshly washed and free of stains.
- We can't accept any hand knitted items of any kind.
- It would really help us if all electrical items and slings came with their instructions (most can be found online)
- We can only accept Avent and Tomme Tippee bottles and brand new teats

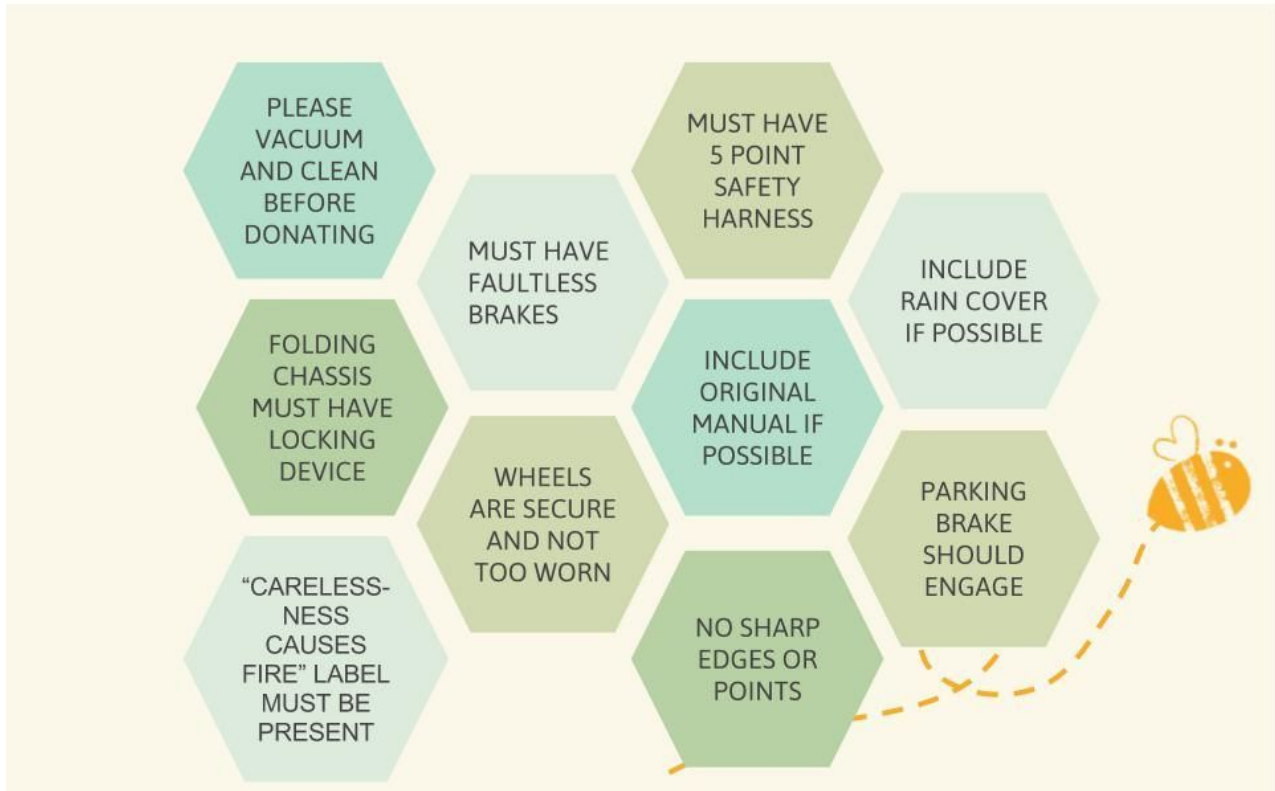

Cots, high chairs and prams have additional mandatory safety requirements that we are required to meet. Please see our guidelines below.
